

Experimental Arts

Step 1 – Walk to a place outdoors that will be comfortable to sit

Step 2 – Using the iPhone stopwatch time self playing 'iCodeCracker' game (app on iPhone)

Step 3 – Record the 4 digit cracked code as well as the time it took to crack it. Play iCodeCracker 3 times

Game #	4 Digit cracked code				Time it took
1					
2					
3					

Step 4 – Tally the first two digit columns and last two digit columns

Step 5 – Use iPhone compass. Stand due North. Use the first 2 - 3 digit tallied number as degrees and walk in that general direction for the length of time Game 1 took.

Step 6 – Stand due North again and use the second 2 - 3 digit number as degrees and walk in that general direction for the length of time Game 2 took.

Step 7 – Investigate the location for the length of time Game 3 took. Choose one thing to focus on. Document.
